

ACCESS DIS RADIOLOGY REPORTS ONLINE

The top screenshot displays the 'Radiology Report' search results page. The table below shows the search results:

| Created On | Exam | Last Name | First Name | DOB | Procedure | Service DE | Referred By |
|---------------------|------------------|-----------|------------|------------|--|------------|-------------------------|
| 08/25/2015 09:14 AM | 0000100007717862 | TESTING | TEST | 01/01/2014 | X-ray, Chest, 2 Views, Frontal T Lateral | 08/25/2015 | Testing Test (44444444) |
| 08/13/2015 12:34 PM | 0000300007689331 | TEST | TEST | 01/01/1979 | US, Pelvic Non DB, B-Scan and/or Real Time | 08/13/2015 | Testing Test (44444444) |

The bottom screenshot shows the detailed view of a radiology report. The 'View Images' button is highlighted with a blue arrow.

Screen stills show you how Quick Links provides you access to reports **AND** the option to view images for patient test results.

- Take advantage of the DIS Quick Links tool for secure online access to reports **AND** images.
- Remove the uncertainty of wondering if your fax machine works!
- Your patient forgets to bring their CD to their appointment? No problem!
- Extremely valuable for providers with multiple office locations or in the hospital seeing patients.
- A cost effective alternative to expensive and time-consuming EMR/EHR interfaces.
- Implementation is done online and remotely. No office visit is necessary.
- **INCREASE CONNECTIVITY WITH EASE... AND IT'S FREE!**
